

Sunshine or Rain

By James Cheesman (ASCAP)

Lyrics

V1:

Sunshine or rain; in ev'ry circumstance
When full of comfort or bursting with pain

In sleet or snow; out in the bitter cold
Oh troubled soul, be still and know:

Chorus:

No love is more constant
Than the love of the Father
In joy or in sorrows
Your trust can remain in the
Lord as your portion
Not fame, never fortune
In feast or in famine
In sunshine or rain.

V2:

In stop and go; In doubt or in the know
When roads are smooth or the going is slow

When thinking through, and you haven't got a clue
Of what to do, He's still right there with you

V3:

Tired or awake; after a big mistake
When you're successful or feel like a fake

In night and day; when your resolve gives way
Draw even closer to mercy's embrace

V4:

When loss is real; when grief is all you feel
O mournful heart won't you still turn and kneel

He can bring peace; He gives strength to the weak
He will supply richly all of your needs
